(Many of the sites below can be accessed via this site.)

Michigan Department of Natural Resources & Environment (DNRE) sites:

- **Aquatic Invasive Species:** Includes a wealth of current information on invasive species in Michigan's water.
 - http://www.michigan.gov/deq/0,1607,7-135-3313_3677_8314---,00.html
- **Aquatic Nuisance Species Control:** Describes control methods, including permit requirements.
 - http://www.michigan.gov/deq/0,1607,7-135-3313_3681_3710---,00.html
- **Prohibited and Restricted Species List:** Each species on the list includes a link for more information about that species.
 - http://www.michigan.gov/documents/dnr/web_189711_7.pdf

Michigan Sea Grant – Aquatic Invasive Species: Excellent pictures and descriptions of aquatic invasive species that threaten Michigan. Database of invasive species locations. Educational materials to help prevent the spread of invasive species.

- <http://www.miseagrant.umich.edu/ais/index.html>

Michigan State University – Invasive Species Initiative: Educational and research information about aquatic and terrestrial invasive species, with a focus on Michigan. Good listing of additional online resources to explore.

- <http://www.invasivespecies.msu.edu/>

Tip of the Mitt Watershed Council – Aquatic Invasive Species: This northern Michigan watershed council's excellent resource for invasive species identification.

- <http://www.watershedcouncil.org/learn/aquatic%20invasive%20species/>

U.S. Environmental Protection Agency (EPA) – Invasive Species: The federal perspective on aquatic and terrestrial invasive species. Excellent information on legislation dealing with invasive species, and general background information.

- <http://www.epa.gov/glnpo/invasive/index.html>

California Dept. of Food and Agriculture - Hydrilla Eradication Program:
